DELPRO NO-ROT PVC INTERIOR & EXTERIOR DOORS

Durable and will resist thermal bow, splits, and dents.

ABOUT DELPRO NO-ROT PVC DOORS

Made from High Quality PVC

DelPro No-Rot PVC Doors are designed to perfection for interior & exterior use. The tough fiberglass skin is durable and helps resist thermal bows, splits, and dents. Our PVC Doors offer a deep and distinctive embossed panel, and offer a full composite perimeter; no exposed wood.

- **No maintenance required**
- **Left or right hand swing**
- **Painting not required to maintain warranty**
- **Doors are not prefinished**
- **Prepped for a door knob but not included**

SPECIFICATIONS:

DOOR SIZE	FRAME	ROUGH OPENING
3' x 6-8'	4-9/16"	38" x 81-3/4"
3' x 6-8'	6-8/16"	38" x 81-3/4"

Door Panels
Our PVC Doors offer a deep, distinctive, embossed look.

Surface Texture
The smooth fiberglass door skin is very durable and will not expose wood.

WeatherGuard
Our unique poly-fiber door frame system will not absorb or wick moisture and will not ware, splinter, or rot.

LVL Lock Block
Our 3 1/4" LVL runs along the full length of the door and provides security against forced entry and keeps the door from bowing.

Corner Seal
The corner seal at the bottom of jamb legs makes for extra protection against water and air filtration.

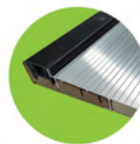

DelPro No-Rot PVC Doors come with a lifetime limited warranty and display the Energy Star label for the internationally recognized and trusted mark of high efficiency.

3 WINDOW OPTIONS

Low E Clear – Low E Venting – Low E Mini Blinds

ALUMINUM COMPOSITE SILL

The aluminum composite sill has a high dam and its narrow cap design provides a barrier against air and water infiltration.

FLEXIBLE SWEEP

The drive-in flexible sweep provides a tight seal. There are no screws in face of the door panel.

DELPRO STAINLESS STEEL DOORS

The design and quality you want with the lifetime of stainless steel

ABOUT DELPRO STAINLESS STEEL DOORS

Our sleek and beautiful commercial stainless steel doors and frames are ideal for commercial, industrial and high style environments. DelPro Stainless Steel Doors are a ideal solution for clean room environments and areas susceptible to moisture, while also providing significant safety and security.

- ✓ **Corrosion Resistant**
- ✓ **Virtually Maintenance Free**
